DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

ART REJECTION:

Claim Rejections - 35 USC § 103

2. Claims 1-49 rejected under 35 U.S.C. 103(a) as being unpatentable over Mazar for the reasons of record as discussed in the previous Office Action.

REMARKS:

Response to Arguments

3. Applicant's arguments filed 5/12/2006 have been fully considered but they are not persuasive.

Applicant arguments are directed to the limitation concerning point to point to point transmission of signals which was addressed in the previous office action. Applicant contends that if point to point communication without utilization of the communication system were possible, then the reference to Mazar would have taught such. In the examiner's estimation, Mazar does suggest this possibility as stated in column 3, lines 45-52 which states that some devices may communicate directly with each other. It is that suggestion with which the examiner utilizes to provide reasoning as to why it would have been obvious to one of ordinary skill in the art at the time the invention was made to augment the system of Mazar so as to provide point to point communication in the system in a manner that would have met the limitation of the

claimed subject matter. In view of this, applicant's arguments are not deemed persuasive.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
